Dear Friends,

This Saturday, January 23rd, we will be heading to Toronto, Canada, to train women rescued by Ontario Teen Challenge how to make beautiful handcrafted jewelry. A few days ago we received the following letter...

*Dear Tim and Michelle,*

*We are thrilled that you will be coming to Canada to teach our students here at the Teen Challenge Women's Center how to make your beautiful jewelry. We have heard wonderful things about your ministry from other Teen Challenge centers and count ourselves very blessed to be able to open up this opportunity to our students.*

*As the newest Teen Challenge center to open up in Canada, we will be one of the largest in our country once our current renovation project is complete. We will have the capacity to help more than 65 women find freedom from the bondage of their addictions and pain. Equipping these women with valuable skill sets and helping to build their self-confidence will enable them to return to society as productive members. We believe that adding the jewelry making that you will be teaching will help achieve this.*

*Thank you for coming alongside us. Our students are excited to meet you and to participate in this week long training program. We appreciate your ministry and are excited that it will help us generate much needed to funding to allow us to continue to help women who so desperately need to find freedom in Christ and from their addictions.*

*Tara Saunders  
 Development Director  
 Teen Challenge GTA Women's Center  
 Aurora, Ontario, Canada"*

We received \$7,500 from the New York Girl's Ministries of the Assemblies of God who worked hard during 2009 to raise the funds. We plan to use these funds to train Teen Challenge in Macedonia how to make jewelry. Another \$7,500 in matching funds are needed. If you would like

to help towards this project please send your tax deductible gift to:
